WOMEN > A FORCE IN BUSINESS

NC CHAMBER CONFERENCE FOR WOMEN

SEPTEMBER 21, 2017

RALEIGH, NC

Jael Vazquez
Vice President
Multitech Mechanical Support, Inc.

Jael Vazquez is vice president of Multitech Mechanical Support, Inc, a family-owned commercial and industrial construction company. After spending several years in the commercial insurance industry, both as a sales agent and an auditor, Jael decided to take a risk and leave the corporate world to run the small business her parents started. The risk paid off—in less than two years Jael was able to double sales, employ more than 200 people, and serve over 20 clients in NC, TN, VA, and SC. Jael used the knowledge she gained from her education and the corporate world, and her strong passion for community to form a company that succeeds in making an impact. Having parents that worked in the construction field, one of Jael’s main priorities as a business owner is to treat employees with the upmost respect and care, which she believes has been a significant factor in the success of her company.

Jael is an active member of her community in Sanford, NC. Jael is on the board of the NC Hispanic Chamber of Commerce as Treasurer and serves on the Central Carolina Community College (CCCC) Foundation Board’s Investment Committee.

Jael holds a B.S. in business administration from NC State University and a degree in Paralegal Technology from CCCC.
