

## ENERGY & ENVIRONMENTAL MANAGEMENT CONFERENCE

OCTOBER 24, 2017 | DURHAM, NC

**Cynthia Winston**  
**Permitting and Compliance Group Leader**  
**Duke Energy**

Cyndi joined Progress Energy in 2009 as a senior environmental specialist. In this role, she supported the generating facilities to ensure compliance with their air permits and assisted with data collection/reporting using continuous emissions monitoring systems (CEMS). In 2014, she became the team leader for the Air Permitting and Compliance team, where she coordinated activities of the air SME's throughout the Duke Energy service territory. In 2015, Cyndi became the leader of the Permitting and Compliance group for the Carolinas. This multi-media group (air, water, and waste) supports all of the Duke Energy assets in the Carolinas. The group works with regulatory agencies to obtain needed permits, assists the business units with rule interpretations, and compiles data for fleet-wide reporting efforts.

Prior to joining Progress Energy, Cyndi worked for nine years in consulting as an air permitting engineer. She holds degrees in chemical engineering, chemistry, and wood & paper science from N.C. State University. Cyndi is a Raleigh, North Carolina, native and enjoys spending time with family and friends outside of work.
